SL: Do You Have More Questions About Being a Writer?

Message:

Dear (~Contact. FirstName~),

I remember what I went through when I began to explore writing for a living. I had a strong desire. But it felt more like a dream. I believed only great authors really made a living wage. But it was the only path I could think of to both have a career and be a stay at home mom.

<u>I needed answers</u>. I had to find out if the writer's life of freedom, more time and a live-able wage could happen for me. Like you, I had to find out exactly *HOW* I could make a living as a writer.

I hope you've been able to read some (or all) of your free report—"You Can Make a Very Good Living as a Writer: Here are 9 Ways You Can Do It!." If you have dived in to the report, maybe you had this thought once or twice: "I think I could do that!" (Let me assure you, you CAN!)

And as you read the "9 Ways" report for answers to some initial questions, those answers likely brought up MANY, MANY MORE questions.

And that's why I'm writing you. . .

SL: We're A Community of Writers, Paying it Forward!

Message:

Dear (~Contact. FirstName~),

Mindy McHorse here! Thank you again for downloading our free report explaining 9 ways to make a living as a writer! And again, I hope you've found answers to some of your questions!

Yesterday I sent you an email inviting you to take advantage of a discounted subscription to *The Barefoot Writer* online magazine. But I want to also explain—The Barefoot Writer is not <u>JUST</u> a magazine.

The Barefoot Writer is a Community. . .

A community of expert writers, up-and-coming writers, and soon-to-be writers (You!)

Through *The Barefoot Writer*, thousands of established writers are paying it forward! They want to mentor new writers toward successful careers in the same way *they* were mentored by experts when they began.

The Barefoot Writer contains real stories of real writers who (like me) were once in your shoes—considering writing for a living, but not knowing how to do it.

So, I thought maybe you'd like to meet some of these writers who are part of this supportive community, and who are 'paying it forward'.

MEET 3 WRITERS IN THE BAREFOOT WRITER COMMUNITY

Starr Daubenmire used to be a Quality Control Coordinator. She started her writing journey in 2006, and now writes mainly for the alternative health field. Her advice to fellow writers is, "Don't wait to get started." She confesses that she almost did not respond to an ad for her first job because she felt she wasn't ready. But she got the assignment, and gave it her best effort. Now she has several clients providing her with regular work.

In 2016, **Nicole Piper**, formerly in the marketing field, had providentially purchased a copywriting course the month before she was laid off from her former job. Single again with a pre-teen child and a home to maintain, Nicole invested herself in that program and other programs. Her participation at training events opened many doors for her. In six months her new income supported her family! She advises writers to attend live events and to expect success. "I intentionally shifted from, 'I hope this happens,' to an expectation that it would happen. And with that

mindset, things started falling into place."

Jake Hoffburg, formerly a salesman, grew his copywriting business from zero to \$140K in one year writing for the financial market. His typical schedule is to sleep until 9:30, walk, read and meditate the rest of the morning, then work from noon until 7:00. Jake's advice to writers is, "You have to treat learning like a job. Get up every day and carve time out to read and write." Also, he says to learn your niche industry from the inside out.

BE A PART OF OUR COMMUNITY OF WRITERS!

Starr, Nicole and Jake are just a few of thousands of writers who are paying it forward to their fellow writers. You'll run across them in *The Barefoot Writer*!

Hopefully you can see, *The Barefoot Writer* is well-worth the \$108 subscription fee! Subscribe today, and I bet it won't be long before you are like Starr, Nicole and Jake. . . Writing for a living . . . <u>And</u> paying it forward!!

SL: \$108 Can Change Your Life. . . IF You Act NOW

Message:

Dear (~Contact. FirstName~),

My name is Rebecca Matter. I am the president of American Writers and Artists Incorporated (AWAI), the group that publishes *The Barefoot Writer*.

I wanted to introduce myself, and remind you not to miss out on a great deal that can help you jump-start your writing career—a deal that will expire at midnight tonight!

My friend and co-worker Mindy McHorse has been sharing with you about *The Barefoot Writer*.

Mindy didn't share a lot about herself—so I will. Mindy is an AWAI success story—one of SO many.

We're proud of Mindy's accomplishments, and honored that she is on board AWAI as our magazine editor. With her training and skills, she could work almost anywhere. But she chose to become a part of our AWAI staff! (You can read Mindy's whole story here!)

As you now know, *The Barefoot Writer* brings highly successful writers, up-and-coming writers, and 'newbies' (as we call them), all together in one forum with the goal of advancing the freelance writing careers of everyone.

WHY? BECAUSE THE DEMAND FOR GOOD WRITERS EXCEEDS THE SUPPLY!

You see it every day—in your email in-box (in fact, in <u>THIS</u> email), on social media, in your postal mail, on personal and corporate web sites. Businesses, services, non-profits using every available method to get their message out. The demand for good writers has exploded and continues to increase.

Think about it—in 2017 over 120.4 billion business emails were sent. . . EVERY DAY.

Email marketing is a BIG deal, and <u>someone</u> has to write them.

But it takes a specific skill set to write emails people will read!

The mission of AWAI is to train people like Mindy, and people like you, how to become well-paid writers. We provide writing instruction and support for all kinds of writing. Thousands of writers have latched on to us because we offer quality, affordable training for a booming profession—copywriting.

Our programs work! And if you are still considering writing for a profession, our programs can get you there. **The best entry point is** *The Barefoot Writer***.**

And if you ACT NOW, you'll also receive \$313 in bonus reports FREE! If you found the "9-Ways" report to be helpful, I KNOW you'll be excited about what you'll find in these bonus reports. The offer to receive the Bonus Reports FREE expires at midnight tonight.
